ENGINEERING DEPARTMENT.

OFFICE OF THE SUPERINTENDENT, SCHOOL OF ENGINEERING, BANGALORE.

Notice dated 1st—4th April 1929.

The following unserviceable articles and special models in the School of Engineering, Bangalore, will be sold by public auction on the 15th May 1929 and the following days if necessary.

The auction sale will commence at 1 P.M., every day and will be conducted in the School Premises.

The terms and conditions of auction sale will be as follows :—

(1) The articles will be knocked down to the highest bidder and in the event of any dispute arising between two or more bidders, at the same price, the articles shall be put up again and resold.

(2) The sale amount should be paid up immediately. In case it could not be paid immediately, a deposit of 25 per cent of the amount would be recovered from the successful bidder immediately the articles are knocked down in his favour and such deposits shall be treated as forfeited to Government in case of any default to pay the full purchase money within 3 days of the sale.

(3) Cash should be paid in full for articles purchased by bidders before delivery but the articles will not be allowed to be removed from the place of auction until after the close of the sale.

(4) In case of default of payment on the whole or any portion of the purchase amount by the bidder the articles will be resold and the bidder will also be liable to make good to Government any loss incurred thereby without having the right to participate in any excess realised.

(5) All articles purchased will be at the risk of the purchaser thereof from the time of sale.

(6) All articles should be accepted with faults and errors of all description as sold.

M. R. RAJA RAO,
For *Superintendent.*

WATER SUPPLY DIVISION MYSORE.

Dated 3rd May 1929.

Notice is hereby given that sealed tenders will be received at the Office of the Executive Engineer, Water Supply Division, up to 17th May 1929, for continuation of the penstock pipe with 16" cast iron pipe right up to settling Tanks at Jewell Filters Mysore. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of 31st July 1929.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's Office at Water Supply Division, between the hours of 11 to 5 P.M., office days.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of rupees two hundred and forty only in Cash or Government Promissory Notes, as earnest money, and be superscribed " Tender for continuation of the Penstock pipes with 16" cast iron pipes right up to settling Tanks at Jewell Filters Mysore, in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with Executive Engineer, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled, and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's Office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.
